COFFEE NEWS & CHAT

BY SARAH E. HUTCHINSON

LEADERSHIP SCHOOL

Dr. Riley Lumpkin, Enterprise, spoke to Extension homemakers last week on the subject of weight control. Dr. Lumpkin told the group that weight could be controlled by following these steps: know your body type; understand yourself and your heredity; know foods and what they do for the body; eat correctly and exercise.

Leaders attending the meeting were Mrs. Orell Parker, Mrs. W. W. Neeks, Mrs. Lucy Murdoch, Mrs. Mable Fleming, Mrs. T. E. Byrd, Mrs. Chapple Cunningham, Mrs. James Jolly, Mrs. G. F. Meacham, Mrs. Sam Paschal, Mrs. Buford Manning, Mrs. Dobby Courson, Mrs. Clinton Patterson, Mrs. Albert Dyess, Mrs. Roy Watkins, Mrs. Horace Sessions, Mrs. J. G. Wise, Mrs. J. L. Compton, Mrs. Huey Ziglar, Mrs. Ralf Wilson, Mrs. Royce Griswold, Mrs. Royce Batchelor, Mrs. Edie Pilgrim, Mrs. D. C. Danford.

LAWN

Information from our Extension Agronomist, G. N. Andrews, says that February is the time to start mowing if you want to maintain a healthy, vigorous, pretty lawn this summer. The dead top growth may harbor most lawn grass disease organisms.

He also says it's a good practice to lower the cutting height of the lawnmower at least one-half inch before mowing. Be sure to remove clippings.

Removal of dead top growth during the winter or before new growth starts aids in the control of diseases and insects.

SALT

Homemakers value salt for a variety of reasons. Salt can sweeten tomatoes and four tablespoons of salt are added to water in a coffee pot will banish bitter flavor and oil residues.

Common mold growth on the surface of cheese can be retarded by wrapping the cheese in a cloth dampened with salt water and then storing in the refrigerator.

Greasy frying pans respond to a sprinkling of salt and a quick wipe with paper towels.

Butter or margarine containing a small measure of salt can be stored in the refrigerator because of the preservative action of salt.

New auto claim service

"Come in with your bill leave with my check!"

On the spot, I can trade you a claim settlement check for State Farm's share of your final auto accident repair bill. This new service covers most damages up to \$250.00. Another good reason for calling me about State Farm Insurance right now.

GEORGE I. COLLIER takes delivery on a hand full of bond certificates he purchased for his children. The bonds and their 6% interest mature at different dates and are planned as part of the children's education fund. Collier receives the certificates from local Legion Commander Maxwell Reeves while Building Committee Chairman Bill Faulk looks on.

PAUL WINDHAM, seated, receives his bond certificates from Legion Commander Maxwell Reeves. Windham is one of a large group of local citizens that are buying the \$50, 6% bonds the Legion is selling to raise money to build a new Legion Home. Bill Faulk looks on.

Alabama Co-op \$500 REWARD GIVEN

Has Been Reorganized

The internal organizational structure of Alabama Electric Cooperative Inc. has been streamlined to form a more effective management team and to improve operations, Wesley M. Jackson, general manager announced this month.

Jackson announced that all activities will be channeled through four newly created divisions, all headed by veteran Alabama Electric staff members.

Alabama Electric is an electric generation and transmission cooperative serving South Alabama and Northwest Florida with a system of electric power plants and transmission lines which stretch from Georgia to Mississippi. Central offices are located at Andalusia.

Newly named division directors are Robert Holey, administrative division; Charles L. Owan, engineering and operations division; and L. A. (Pete) Deers, Jr., legal division. Named to the new position of staff assistant was Jerry B. Andrews.

Alabama Electric this year enters its second quarter century of operation. It is in the final stages of a \$20 million expansion and modernization program which includes a \$12 million steam generation plant on the Tombigbee River.

While the Lees were working on their farm near Hanger on March 30, 1968, they observed some teenage boys tossing lighted matches from a car into the woods off the roadside. The younger Lee got in his car and pursued the car in which the boys were hiding and identified the suspects. The Lees turned over the names of the three suspects to the local law enforcement officials.

The three youths were convicted of malicious burning of the woods in Circuit Court at Fort Payne in September, 1968. Each boy was sentenced to one year in the state penitentiary. However, because of their age and the fact that they had no previous court record, the prison sentence was suspended and they were placed on

two years' probation. State forestry personnel are continuing their investigation of several incendiary fires which have been set in the Lookout Mountain area.

Police Chief Jack Smart requested more room and the council refused to take action allowing the hospital to use city gas and a city tag on a truck. It plans to purchase in the near future, questioning the necessity of such a purchase.

City Council Talks

On Money Subjects

The Elba City Council held its regular meeting on Monday night of this week. The meeting was held in the Council chambers at the City Hall with all present except Councilman Donnie Morrow.

The first order of business was to hear a report from Attorney Bill Stokes on various programs available to the city from the Office of Economic Opportunity. Among the things Stokes mentioned as ideal projects under the program was a new City Hall with room for all city offices and also room for various public meetings.

The next order of business was a lengthy discussion with the Elba School Board concerning the school and the need for additional class rooms to house the growing number of students and the students being transferred from Mulberry Heights.

The City promised to help the school board come up with the necessary \$60,000 to build four new class rooms at the Elementary School before next September.

Joe Russell appeared before the Council concerning a fence near the right-of-way he gave the City for the sewer line. He reported that the contractor had not replaced the fence and his cows had been shut up since last fall. The mayor promised to get some action from the contractor immediately.

The Council discussed the City wage scale for a few minutes and when it was found that the City Clerk was making less than one of the employees under him, a \$5 raise was voted for the Clerk. Further study of the pay scale could result in other raises.

The council voted to pay the room rent of councilmen who attend the Mobile factory would be in Elba on Wednesday and Thursday interviewing a cross section of people that signed up during the labor survey.

It was reported that the hospital board had until May 1st to use the state funds appropriated for the hospital. If not used in this time, they revert back to the state.

The council refused to take action allowing the hospital to use city gas and a city tag on a truck. It plans to purchase in the near future, questioning the necessity of such a purchase.

Police Chief Jack Smart requested more room and the council refused to take action allowing the hospital to use city gas and a city tag on a truck. It plans to purchase in the near future, questioning the necessity of such a purchase.

NEWS & CHAT

BY: SARA E. HUTCHINSON

MATTRESSES

Since you spend about one-third of your life getting your daily "40 winks," you'll want to make sure you spend that time on a comfortable mattress.

Research indicates that each adult should have a sleeping space 39 inches wide and six inches longer than his height. The standard full-size bed is 54 inches by 76 inches. For each person this allows only 27 inches, the width of an average baby's crib. Although full-size beds are still very popular, a leading mattress manufacturer predicts that the queen-size bed, which is 60 by 80 inches, will replace the standard double bed within ten years.

The queen-size bed shares popularity with king-size beds which range in size from 72 by 80 inches and 72 by 84 up to 78 by 80 inches and 78 by 84. At first movie stars were the only persons who had them, but now king-size beds have become quite popular with the general public.

The bed which is 78 inches wide by 80 inches long commended space needs for two persons. Whatever mattress you choose, be sure to buy sheets and blankets to match in size. When a mattress is not a standard size, you should measure it before buying bedding, so you know how deep, long and wide it is.

HEARING AID CLINIC
FOR THE HARD OF HEARING

The Alabama Hearing Aid Dispensaries will be conducting its mobile clinic in the following areas:

ELBA Thurs. - Feb. 27
Thurs. - Feb. 27
Phone 897-2204

EXAMINATIONS: A complete scientific hearing evaluation examination with the latest audiometric electronic equipment offered at no cost or obligation at above clinic.

REPAIRS TO ALL MAKES HEARING AIDS: Accessories including cords, tubing, ear molds, ear tips, rubbing, receivers. Batteries for all makes hearing instruments.

NOTE: It is unable to attend clinic due to job, health, or transportation call or write and arrangements will be made to serve you.

We will open, Wed. Feb. 19th and be open through Sat. Feb. 22. Thereafter, we will be open on Wednesdays Only.

FOR THE FIRST TIME - BRAND NEW SPINETs - \$399.95
STORY & CLARK CONSOLES, 40 INCH, REGULAR \$895.00
NOW \$699.95, FACTORY REBUILTS, TRADEINS AND RE-POSSESSIONS, \$145.00 AND UP.

Never in our 30 years of business have we ever had this many pianos under one roof.

WE DELIVER TO YOUR DOOR THE SAME DAY YOU BUY!
YOUR CREDIT IS GOOD, YOU CAN OPEN AN ACCOUNT IN 5 MINUTES, NO QUESTIONS ASKED.

Harper's Furniture & Piano Co.

this will divert baby from wanting "out," thus giving you a few extra minutes for a chore.

BANANAS

When shopping for bananas buy them according to how you plan to use them. Yellow bananas with greenish tips are right for cooking uses. Yellow, flecked with brown, is the mellow ripe stage at which bananas have their greatest appeal.

Home Health

Group Elects

New Officers

The Home Health Advisory Council held their first meeting for the new year in the Coffee County Health Department in Enterprise on January 27, 1969.

New officers for the year were recognized as the following: Chairman, Dr. John M. Kimmey, Vice-Chairman, Dr. C. D. McLeod, Publicity Chairman, Mrs. Roy Shoffner and Secretary, Mrs. Pamela McCollough.

The council voted that meetings be held three times a year and taking place in the months of January, May, and the annual meeting in September.

Meetings will be held alternately in the Elba health office and the Enterprise health office.

Statistics for home health services from July 1, 1968 through December 31, 1968 showed that Coffee County carried 65 plan patients and 24 plan B patients during this time.

Plan A patients received a total of 460 nursing visits and plan B patients had a total of 151 nursing visits for this six month period. These figures show an average of 305 1/2 visits made by each of Coffee County's public health nurses.

Members present at the January meeting were, Dr. John M. Kimmey, Mr. C. L. Peacock, Mrs. Frances Stewart, Mrs. Elizabeth Anderson, Mrs. James McInish and Mrs. Pamela McCollough.

The next meeting of the home health council will be held in the Elba health office on May 26, 1969 at 1:30 p.m.

Atomic Sleuths Uncover
Traces Of Old Cultures

ATOMIC ANALYSIS - Dr. Isadore Perlman, head of the chemistry division of the Lawrence Radiation Laboratory, examines an ancient pot whose origin he will trace through nuclear analysis of its composition. Techniques developed as a by-product of nuclear physics and chemistry at the AEC Laboratory are being used to study the trade routes and movements of ancient people by identifying the place of origin of such artifacts as pottery.

Simple Test Voids
Imitation Artifacts

Dr. Isadore Perlman, the head of nuclear chemistry at the Lawrence Radiation Laboratory, turned the two pottery fragments in his hands both were bird-shaped handles found by archaeologists near a coastal village in Peru.

They look alike. But Dr. Perlman and his colleague, Dr. Frank Asaro, analyzed the chemical makeup of the pottery and discovered they are quite different.

Minute trace elements in the pottery, measured by nuclear techniques, show that one fragment matches similar pottery from Cuzco, the capital of the Inca civilization. The other is an imitation.

"The importance of pottery lies in the fact that for at least 6,000 years wherever man has been, he made pottery and the remains have persisted to the present," Dr. Perlman explains. "Pottery not only had utilitarian purpose, but also reflected particular cultures in their art forms."

Their work at the laboratory in Berkeley, which is operated for the Atomic Energy Commission by the University of California, indicates that pottery of different origins have different "fingerprints." This is of great interest to archaeologists who have relied largely on physical characteristics to identify pottery and deduce their place of origin. The new method supplements such deductions and gives a more detailed picture of ancient trade patterns than those based on a style which was not always unique to a particular location.

In the LRL analysis, small powdered samples of pottery are placed in a nuclear reactor and some of the atoms of elements present are made radioactive. Each radioactive element is then measured and the results give the chemical composition of the material. The process, called neutron activation analysis, has enabled the LRL scientists to measure more than 30 elements in pottery and with high accuracy.

Airman Brown

Completes School

Airman First Class Anthony H. Brown, son of Mr. and Mrs. Ben H. Brown, Rt. 2, Elba, has been graduated from a U. S. Air Force technical school at Sheppard AFB, Tex. He was trained as a communications equipment repairman.

The airman is a 1965 graduate of Elba High School.

His wife, Judy, is the daughter of Mr. and Mrs. Eugene King, Rt. 2, Elba.

Heart Diseases
Still Challenge
America

The obituaries printed in this newspaper offer persuasive testimony that the challenge of heart and blood vessel diseases -- far from being an abstract and distant national issue -- is in reality the number one health problem right here in this community.

These diseases are responsible for more than 54 percent of all deaths in the nation, and chances are that about the same ratio applies here.

"Heart attack," "stroke," "hypertensive heart disease," "congestive heart failure," "high blood pressure," "rheumatic heart disease" and

"congenital heart disease" dovascular death rate are words that appear all too often on death certificates in this community. Can anything be done about it? Yes, indeed. We by your Heart Fund do have been doing something. But much remains to be done. You can help by massive heart research supporting the 1969 Heart programs in 1950, the car-

We
LoveTo Work on Saturday
BUT (like most of you)
We'd Rather Work
at Home

SO Starting March 1, 1969, all offices of the Southeast Alabama Gas District will be closed all day Saturday.

You customers shouldn't mind. You can pay your bill during the week, or mail your check. You can phone us for ROUTINE SERVICE Monday through Friday.

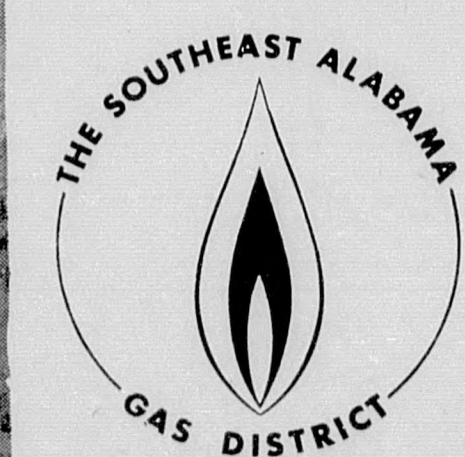

Meanwhile we Gas District employees will be spending our two-day weekends getting smarter and more cheerful than ever--and you'll get better service. How about that?

EMERGENCY SERVICE OF COURSE

If you have a GENUINE EMERGENCY at any time, look in the phone book under "Southeast Alabama Gas District" for instructions.

We Request Your Cooperation
As We Make This Change

**All Offices,
OPEN
Monday-Friday
8 AM 5 PM
CLOSED
Saturdays**

BRAINSTORMS

With Ferrin Cox

We were among the 45 or 50 people who attended the steak cook-out at the Elba Country Club last Saturday night. I looking at the huge steak that Stokes Haire and Dr. McCray covered one grille with, we ask, "What army are you feeding?" Stokes quickly answered, "Doc and I are going to eat these steaks and our wives will get only the gravy!" His fun was short lived however, as Margaret had the final say on how much more cooking thereat needed before coming off the grill.

We have only part of a story that Leo Foreman was telling while overseeing the steak cooking Saturday night and here it is. One of Elba's insurance men was going to attend the Country Club event but his wife had other plans and almost as bad as not attending was that people know who the boss is at his house.

Dr. John Morrow of Mobile visited family and friends in Elba last week. He has done real well for himself in the field of education. If you remember, Dr. Morrow was selected as one of the four Outstanding Young Men at the University of South Alabama last year. He is now a subscriber to The Elba Clipper, which puts him up a notch higher in our book also.

There is an article on the front page this week written by the Elba School Board concerning the activities of the school board. These people really have their problems and are apparently putting much thought into their actions. These men (and one woman) meet often, sometimes talk business over lunch, and do not get one red copper for their services! The only two things they get are: criticism and a lot of free advice from us who would not have the job ourselves.

The people from the proposed new factory in Elba were in town yesterday and today. By the time next week's paper is published, we should know for sure if Elba is to get this plant. This would mean employment for 400 additional people, mostly women. Right now, any man who wants a job can always depend on Dorsey Trailers, which is now working over 1400 people!

In Dothan on Tuesday a Negro teenager was knifed to

death while a whole crowd of people stood by and watched. This is not the first time this type thing has happened. We can only say to those looking on that we are glad that this is not on our mind for the rest of our lives - wonder how it feels to know you have watched a killing and made no attempt to stop it?

We thought that Neil Metcalf was through in politics after his poor showing against Albert Brewer in the L.I. Governor race but here he is a leading contender for the post of Democratic national committeeman from Alabama. The selection will be by the state committee members and is to replace Earl Goodwin of Selma, who was removed for supporting George Wallace's third party movement. Metcalf cannot be accused of this. He was one of the state senators who failed to support Wallace's attempt to succeed himself. Metcalf was at National Guard Camp when yes votes were needed and failed to return to Alabama to vote and therefore classified as anti-Wallace.

The heart attack and death of one of the Sealab aquanauts is shocking. These men undergo complete physicals and repeated physicals. The Sealab projects are not as sensational as the space adventures but the same thing could happen to an astronaut and just think of the stink that would raise around the world!

Draft Call Set
At 5 For Coffee

Director Hugh H. Caldwell, Jr., has ordered 1,033 Alabama registrants to the Montgomery Armed Forces Examining Station in March to meet Alabama's Selective Service quota of 738 men.

America's National draft call for March is 33,100 compared to 33,700 in February. Caldwell said that 3,600 of the inductees will be earmarked for the U.S. Army, and 1,500 will become Marines.

Caldwell said the call for 1,033 men to obtain Alabama's March quota of only 738 is required because many will fail the entrance examination. Others will also have enlisted in some branch of the regular service prior to induction.

Some married men will be included in the March call. The call includes registrants 19 years of age and older in Class I-A and I-A-O, examined and acceptable.

County - by - county the call includes five from Coffee County.

Clothing Can Be Tax Deductable

The cost and maintenance of special clothing or equipment on the job may be deducted on Federal income tax returns, Mr. W. T. Coppinger, District Director of Internal Revenue for Alabama, said.

To qualify, the clothing and equipment must be required as a condition for employment.

Mr. Coppinger said the cost of uniforms worn by nurses, bus drivers, firemen and policemen may be deducted, in general, clothing that is only appropriate for wear on the job is deductible.

If a worker is required to supply his own tools and equipment that cost may also be deducted. This provision also covers the cost of membership dues in professional societies and subscriptions to professional and trade journals.

Publication 529, "Other Deductions," contains details on this subject. Send a postcard to the District Director, Internal Revenue Service, Birmingham, Alabama 35203, for a free copy.

LEGAL NOTICES

NOTICE - FORECLOSURE

Mortgage Foreclosure

NOTICE

Default having been made in the terms of a mortgage executed to the National Security Insurance Company by Pansy Smith, on the 18th day of May, 1964, which mortgage is recorded in the Office of the Probate Judge of Coffee County, Alabama in Mortgage Record Book 35A, page 403-04, and said default continuing, the undersigned will sell at public outcry for cash to the highest bidder, in front of the courthouse door of said county, within the legal hours of sale on Friday, March 7, 1969, which property is described as follows:

Lot No. 58, of the River-view Subdivision in the City of Elba, Coffee County, Alabama, according to the Plat of said Subdivision recorded in Plat Book 1, Page 28, in the Office of the Probate Judge in Elba, Coffee County, Alabama.

Said sale will be made for the purpose of paying the indebtedness secured by said mortgage, and the proceeds thereof will be applied as provided by terms of said mortgage.

National Security Insurance Company
Elba, Alabama

MORTGAGE FORECLOSURE SALE

State of Alabama, Coffee County.

Under and by virtue of the power of sale contained in that certain mortgage executed by Gerald B. Patterson and wife, Marie F. Patterson, to Jim Walter Corporation, dated October 25, 1964, recorded in Mortgage Record Book 36-A, Page 277-78, in the Office of the Probate Judge of Coffee County, Alabama, which said mortgage was duly transferred and assigned by Jim Walter Corporation to a Corporation, to Mid-State Homes, Inc., a Corporation, by assignment dated November 9, 1964, and recorded in Mortgage Record Book 15, Page 193-94, in the Office of the Probate Judge of Coffee County, Alabama; default having been made in the payment of the debt secured by said mortgage and said default continuing.

The undersigned Mid-State Homes, Inc., a Corporation, transferee of said mortgage, will proceed to sell at public outcry to the highest bidder for cash at the front of the Courthouse door in Elba, Coffee County, Alabama, on the 28th day of February, 1969, within the legal hours of sale, the following described real estate located in Coffee County, Alabama, to-wit:

One Acre described as follows: A triangular parcel of land lying on the West side of a public road in the Northeast quarter of Section 4, Township 3 North, Range 19 East, Coffee County, Alabama, being more particularly described as follows: Commencing at the Southeast corner of the NW 1/4 of the NE 1/4 of said Section 4, and running thence East 58.7 feet to the West side of the public road from the Kinston - Elba Highway, thence N 42 degrees - 45' W, 242.2 feet along said public road, thence S 47 degrees - 15' W, 240.4 feet to the South side of the said NW 1/4 of the NE 1/4, thence East 50.5 feet to the point of beginning, containing 0.8 acres, more or less.

The proceeds of said sale shall be applied to the payment of the indebtedness secured by said mortgage, and the balance, if any, shall be paid to the owner of said property.

NOTICE OF SALE OF SCHOOL WARRANTS TO BE HELD FEBRUARY 25, 1969

Notice is hereby given that the City Board of Education of the City of Elba, Alabama, will offer for sale at public auction sealed bids for cash to the highest bidder, in front of the courthouse door of said county, within the legal hours of sale on Friday, March 7, 1969, which property is described as follows:

\$4,000 in each of the years 1970 through 1972
\$5,000 in each of the years 1973 through 1975
\$6,000 in each of the years 1976 through 1978
\$7,000 in each of the years 1979 through 1981
\$8,000 in each of the years 1982 through 1984

Bidders are invited to examine the rate or rates of interest that the Warrants are to bear, and such interest will be payable August 1, 1969 and semiannually thereafter on the first days

of February and August in each year. The bidders may name not exceeding two rates of interest, but only one rate shall be named for the Warrants maturing in any one year, and neither rate shall be in excess of 5-1/4% per annum. No bid of less than 2% of interest will be considered. The Board will name as the place of payment of the Warrants and coupons any bank that the successful bidder requests, unless such bank is disapproved by the State Superintendent of Education.

The Warrants maturing on February 1, 1980 and thereafter are subject to prior redemption at the option of the Board on February 1, 1979, or any interest payment date thereafter, at the redemption price for each Warrant redeemed of par plus accrued interest to the redemption date, plus a redemption premium equal to one year's interest computed at the rate borne by the Warrant redeemed.

The Warrants will be preferred claims against the proceeds of a special three-mill school tax on all taxable property in the City of Elba, Alabama. Each bid must be accompanied by certified check for \$1,800, payable to the order of the City Board of Education of the City of Elba, Alabama. All bids and certified checks must be submitted to the Board of Education of the City of Elba, Alabama, at the office of the City Superintendent of Schools, Elba, Alabama, not later than 11:00 o'clock A.M. Central Standard Time, on February 25, 1969, at which time and place all bids will be publicly opened. All certified checks will be returned except that of the successful bidder, which shall be retained by the Board to assure its acceptance of and payment for the Warrants. The Warrants will be delivered within forty-five days after the date of the sale. The Board reserves the right to reject any and all bids at said sale.

The Board will furnish at its expense the unconditional approving legal opinion of Dumas, O'Neal & Hayes, bond attorneys, Birmingham, Alabama, and printed Warrants.

Washington Report

by **GEORGE ANDREWS**
Member of Congress
Third District of Ala.

CAPITAL VIEWS

The tempo of the 91st Congress is definitely not going to be "business as usual," as far as the introduction of legislation is concerned.

Although the makeup of the House of Representatives did not drastically change with the 1968 elections, members of the new Congress promise to far surpass the pace of initiating legislation in the 90th Congress. With the session hardly a month old, 6,713 bills (H.R.) have been introduced in the House, and this is over one-third of the total number of bills introduced in the entire 90th Congress.

Additionally, 241 simple resolutions (H. Res.), 438 joint resolutions (H.J. Res.), and 136 concurrent resolutions (H. Con. Res.) have been introduced. Since the basic differences among these three kinds of resolutions may be generally known, some explanation might be helpful.

Simple resolutions are passed by one House only. These are used to initiate a matter concerning the operation of either House alone and are considered only by the body in which they are introduced.

Concurrent resolutions must pass both Houses. They concern matters affecting the operations of both Houses and usually express principles, opinions and purposes of the two Houses, and are not legislative in character. They are presented to the President for action.

Joint resolutions require the action of both Houses and must be signed by the President, unless introduced in both Houses, as is often supposed. There is little practical difference between a joint resolution and a bill, since both are subject to the same procedure, unless a joint resolution proposes a Constitutional Amendment.

EUFALA LAUNCHING AHEAD
Citizens of Eufaula and all over Alabama will have reason to be proud when the Navy tugboat "Eufaula" is launched at noon on February 22 in Silkeville, Louisiana. I shall have the great

New auto claim service

"Come in with your bill leave with my check!"

On the spot, I can trade you a claim settlement check for State Farm's share of your final auto accident repair bill. This new service covers most damages up to \$250.00. Another good reason for calling me about State Farm insurance right now.

christening ceremonies. Miss Ellen Moore, daughter of Admiral Thomas H. Moore, Chief of Naval Operations and a native son of Eufaula, will serve as sponsor of the new vessel.

STAFF CHANGES

Paul M. Cleveland, my assistant for the past two and one-half years has left my staff to enter the real estate business. He will become a partner in the firm of Grover N. Lawson, Associates in Alexandria, Va. He worked hard and capably for the citizens of the Third Congressional District, and I shall greatly miss his close working association and his valuable services.

Joining my staff as Administrative Assistant is

Thomas M. Gilbert, who served in a similar capacity with former Congressman Armistead Selden during his 10 years in the House of Representatives.

Heart attack is the largest single cause of death in the United States, killing more than 300,000 persons each year.

New Hope Jr. High Girls Meet

The meeting of New Hope Jr. High School girls was held Wednesday February 12, in Mrs. Daughtry's room. The meeting was called to order by Nancy Bowman, president. After some songs led by Deborah Norton and Maxine Lewis, the devotion was given by Joe Ann Acreman. Mamie Campbell led us in the pledge of our 4-H Flag and the American Flag. The roll and minutes were read by Margie Downing. Thirteen members, Mrs. Daughtry and Miss Sanders were present. There were two corrections to the minutes.

There was no old business.

Benton Sansom Completes Pilot Course

Warrant Officer Candidate Benton S. Sansom, 19, son of Mr. and Mrs. L. E. Sanson, Route 2, Kinston, Ala., completed a helicopter pilot course Jan. 17 at the Army Primary Helicopter School, Ft. Wolters, Tex.

During the 16-week course, he was trained to fly Army helicopters and learned to use them in tactical maneuvers.

He next will undergo advanced flight training at the Army Aviation School, Ft. Rucker, Ala. Upon completion of advanced training he may be appointed a warrant officer.

LEGAL HUNTING AND FISHING
Just about everybody in Coffee County is a law-abiding person, but sometimes through ignorance of the law they make mistakes. One such mistake is hunting and fishing on property without hunting and fishing rights.

Earl Kennamer, our fish and wildlife specialist, says that they are pretty predictable. One thing that we don't fully understand is the fact that peanuts respond to soil fertility that has been built up in the soil over a period of time. This is why we are urging Coffee County farmers to soil test the land that they plan to plant to corn this year to be followed by peanuts next year.

The lab will recommend higher rates of fertilizer for the corn which ought to result in better yields of corn. Then this land will be ready to make high yields of peanuts in 1970 without any additional fertilizer. Be sure to state your plans on the soil test form that you send in.

LAWN FERTILIZATION
I am hoping that it won't happen, but unfortunately hundreds of Coffee County folks, especially those living in town, are going to put too much fertilizer to grass. Both of these grasses will do fairly well with a medium amount of soil fertility. They simply grow themselves into serious trouble when too much fertilizer is applied. Even on a crop of corn or peanuts, we only use 300 to 500 pounds per acre, but a lot of lawns are being fertilized at the rate of a ton per acre. The best bet is to send a sample to the lab. Then you will know exactly how much to use. We have the supplies in our offices in Enterprise or Elba.

PRUNING
Pruning still has time to prune fruit trees and shrubbery around the house. Most folks know how to prune fruit trees. The main thing is to cut off enough to control the overall height of the tree so that it won't get too high. Secondly, the center of peach trees should be kept open. On ornamentals, grafting, but I don't know

JUDGE THE GEHL MIX-ALL ON YOUR FARM!
Arrange now for a Mix-All demonstration and we'll grind and mix a few tons of feed FREE!

We make this offer because we're sure you'll like the Mix-All features: (1) 66 thin hammers that cut... mixed... grain and hay to uniform size; (2) variable-speed drive (the auger feeder); (3) twice as many hammers per square foot of screen area than other mills; (4) rugged construction from hitch to hopper and mill to mixer; (5) one-man operation; (6) steel high on the frame... 46 inches off the ground. Extends over bins, bunks or self feeders.

But... how about judging this for yourself? Call now to schedule a Mix-All demonstration on your farm.

TOP PHOTO shows the new officers of the Dorsey-Elba Federal Credit Union, elected last Saturday afternoon. They are from left: Avery Jackson, president; L. J. Hornsby, board member; Hoyt Rhoades, Treasurer; Ray Hurd, board member and Junior I. Crocker, Secretary.

LOWER PHOTO shows the three door prize winners at the annual Credit Union meeting last Saturday. They are from left: Howard Meeks, \$15; Archie Lee Darnes, \$10; and Jimmy Bradshaw, \$5.

The members were told that the Credit Union made a profit of \$123 last year. Total loans for 1968 were \$32,845 while the current loan balance is \$17,915. The Dorsey-Elba Federal Credit Union has assets of \$22,435 and loans are made to credit union members at a 1% per month interest on the unpaid balance.

A LARGE BOBCAT was killed by E.H. (Charlie) Lunsford near Jack, Alabama. Mr. Lunsford was quail hunting when his bird dog pointed the bobcat. He was glad to get the cat as they eat quail also.

Elba FHA Holds Meeting

Cooper and Sue Young, Respectfully yours, Lucia Stephens, Reporter

The Elba Chapter of Future Homemakers of America met in the High School on February 18, 1969. The meeting was called to order by the president, Carolyn Wilson. The minutes were read by Harriette Bullard, our secretary. Everyone saw the advantages of our democracy through a film called "Citizenship in a Democracy." The members were later led in songs and games by Christine

WHAT CAUSES A STY IN THE EYE?

A sty is a bacterial infection of one of the small glands on the edge of the eyelid. Though some people believe it is the result of eye strain, or a run down body condition, most likely it is caused by rubbing the eyes with fingers bearing bacterial germs.

A sty can last from a few days to three or four weeks. It can cause much discomfort and sometimes pain. If one persists more than a few days, it is wise to have your physician open it and permit this small abscess to drain and heal quickly.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

FDR's Words of Wisdom

"TAXES are paid in the sweat of every man who labors, because they are a burden on production and can be paid only by production. If excessive, they are reflected in idle factories, untaxed farms, poverty of the life of our and, hence, in the hungry tramping the streets and seeking jobs in vain. Our need leaders who are willing to put their careers on the line by taking a stand for what is right and beneficial to the public. Let them mount a campaign of education to prove that they are right. That's what Washington, Adams, Madison, Jefferson, Monroe and the great men in the early history of our country did. It succeeded. And it would succeed now."

These words of wisdom were written not by a hand-line conservative, but Franklin Delano Roosevelt in the campaign of 1932. He probably meant what he said at the time he said it. He promised to reduce federal spending by one-quarter, and he made a good start in that direction during the first months of his administration.

Had he continued to adhere to the policy which he announced, the inflation, erosion of the dollar and astronomical indebtedness that have accumulated during the past three and one-half decades would have been avoided. The dollar would still be worth 100 cents, and we would not be laboring under the overwhelming load of indebtedness which clouds the future and encourages the revolutionary minded to demand progressive repudiation by further inflation. For some reason never adequately explained, Franklin Roosevelt executed a right about face during the first year of his administration and adopted the views of the soft-money men who recommended deficit spending. That fatal decision led to the destruction of the gold standard, to the drawing of our country in debt and to the reduction of the dollar to about 38 cents.

quately explained, Franklin Roosevelt executed a right about face during the first year of his administration and adopted the views of the soft-money men who recommended deficit spending. That fatal decision led to the destruction of the gold standard, to the drawing of our country in debt and to the reduction of the dollar to about 38 cents.

If our leaders, including the late President Roosevelt, had not have occurred. Unfortunately, most of our politicians have become followers and, instead of doing what ought to be done and advocating sound policies that would lead to the improvement of the life of our people, have adopted the policy of advocating whatever they think the majority of the people want.

We need leaders who are willing to put their careers on the line by taking a stand for what is right and beneficial to the public. Let them mount a campaign of education to prove that they are right. That's what Washington, Adams, Madison, Jefferson, Monroe and the great men in the early history of our country did. It succeeded. And it would succeed now."

ELBA, ALABAMA 36323, THURSDAY FEBRUARY 27, 1969

NUMBER 32

ANNUAL BEEF COOK-OFF at Elba High School was held on February 17th. The winners are pictured above and each one is an advance Home Economics student. The winners were from left: Dianne Goodson, 1st place; Verla Smith, 2nd place and Debbie Fuller, 3rd place. Dianne will compete in the county contest.

Public Meeting To Discuss New Factory

The public is invited to attend a meeting at the Elba High School Auditorium on Friday night at 7 p.m. The meeting is to explain to everyone the status of the efforts to acquire a sewing plant in Elba.

During the meeting the public will be told exactly what has been done, what is being done and what needs to be done to get the Kleenex Rubber Company to place a plant employing 400 women in Elba.

The plant would have a payroll of \$1.5 million a year and is a branch of a financially strong company based in New York.

Company officials will be looking with interest at the public interest in this proposed plant. They were in Elba last week and interviewed 150 people at random from the 1700 people who signed up during the recent labor survey.

If you feel Elba needs this plant, attend the meeting and offer your advice and moral support.

Holliman Is New Music Man At Church

Robert Holliman has accepted the position of Minister of Music-Education at the First Baptist Church of Elba. He will begin his service on Sunday, March 23rd.

Holliman comes to Elba from the Philadelphia Baptist Church of Birmingham.

Elba PTA Will Meet On March 4th

The monthly meeting of the Elba Parent-Teacher Association will be March 4, 1969, in the elementary cafeteria. The program topic for the evening is "Improving Relations Between Home and School."

Students under the direction of Mr. Mack King, Speech Department of Elba High School will conduct the program.

THEY GOT THE LOOT! Sheriff Tillman, policeman Peterson, Chief Smart and State Investigator Joe Tom Masters look at an array of guns, silver, TVs and other items recovered from a recently broken thief ring. The merchandise, valued at \$3000, was recovered in Dale County where it had been sold to another party. There were 27 guns recovered in this raid.

Sheriff Tillman reports that the items were taken from homes, cars and businesses over a period of several months. Four local citizens have been arrested and charged in the thefts. One person was arrested in Dale County and charged with receiving stolen property.

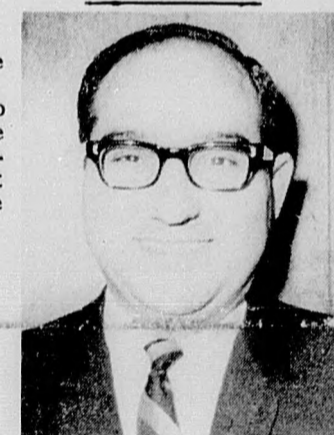

No names will be released in view of recent court decisions and the desire of local law enforcement officials to get an "iron clad" conviction against the guilty parties.

RESCUE SQUAD IS AWAKE!

During the first six weeks of 1969 the Elba Rescue Squad has answered 27 calls, these calls were from the following types of emergencies: wrecks 5; emergency transfers to Montgomery - 2; Troy - 1; Opp - 2; heart attack - 1; plus 13 other cases. The members have given 70 hours in the line of duty and have traveled 677 miles. The emergency vehicle was away from the station 30 hours and 30 minutes.

The squad is at present in had need of a second vehicle and is in the process of asking for donations from the public for funds to purchase this vehicle. The Rescue Squad will give an outboard motor to some lucky person who donates \$1 to the ambulance fund.

The public is urged to support the Elba Rescue Squad which is in the business of saving lives - It May Be Yours They Save Next!

Jimmy Hornsby To Head Local Cancer Drive

Council For Dependent Girls Planned

An organization meeting of the Coffee County Council for Neglected and Dependent Girls will be held at the Enterprise Community Center on February 27, 1969 at 7:30 p.m.

Councils are being organized in each county of Alabama under the leadership of Pilot Clubs in District 2 of Pilot International. The effort is coordinated with the Alabama Council for Neglected and Dependent Girls, Inc., and the State Departments of Pensions and Security.

Discussion of the local problems and needs will be led by Judge Riley D. Greene of Troy, Alabama.

Teachers Win Elba Game

The Elba High School Student Council sponsored an Intramural Basketball Tournament, including the coaches and male faculty, last week. The games were played Monday and Tuesday nights with the finals held on Friday night. The survey will take into consideration the need for such a store that serves the community from 7 a.m. to 11 p.m. seven days a week.

According to Kerner last week, the American Cancer Society Crusade of 1969 in what is expected to be the society's record-breaking campaign in Coffee County.

State Crusade Chairman Charles H. Payne of Birmingham announced the appointment of Mr. Hornsby as county crusade chairman, and commented that "the American Cancer Society is fortunate to have such outstanding leadership in the 1969 crusade."

Alabama raised a record amount of \$428,090 for cancer research, education and service in 1968, and the Cancer Society expects to exceed this amount this year, Payne said.

The state chairman expressed his appreciation for "the devoted public service of those who worked in the 1968 crusade," and voiced the hope that "the many wonderful volunteers who helped last year will again assist in the 1969 crusade."

"Some day, cancer will be conquered," Payne said, "and those fine citizens who give their time and energy in this work will enjoy the reward of knowing that their efforts helped to bring about a cure for all types of cancer."

Hornsby is an agent with the State Farm Insurance Company. He is a past president of the Jaycees and a member of the Chamber of Commerce and the Westside Baptist Church.

A native of New Brockton, Ala., he married the former Elizabeth Bullard of Elba, Ala., and they have two daughters.

Karen Clay To Join United Nation Tour

Miss Karen Clay, daughter of Dr. and Mrs. James Clay, of Elba, has been chosen a delegate to the Citizenship Tour To The United Nations in Washington, March 8-15, 1969. The tour is sponsored by the Program Council of the Alabama-West Florida Conference of the United Methodist Church.

The purpose of the tour is to give the Methodist youth a chance to see the United Nations and the U.S. Government in operation; enable the youth to get information on national and international issues; to look at issues that face society, the world, and our churches from a Christian viewpoint, and to suggest ways Methodist youth can effectively deal with these issues.

The group will leave Montgomery on the morning of March 8 and arrive in New York that afternoon. Saturday night they will attend a Broadway play, Sunday the group will attend services at the Riverside Church and at Christ United Methodist Church. Monday and Tuesday will be spent at the United Nations. Wednesday the group will visit the World Missions Headquarters of the United Methodist Church. Wednesday the touring group will go by bus to Washington D.C. Leaving Washington Friday night, March 14, the party will arrive in Montgomery the morning of March 15.

Methodist Church Plans Revival Next Week

Revival services are to be held at Elba United Methodist Church beginning Sunday, March 2, and continuing through Friday, March 7, according to an announcement made by the church.

The bibles come in a \$2 carton and include 60, 75 and 100 watt bulbs.

When he represented Kinston at the regional paper symposium in Troy, his paper won first place in the field of Mathematics and Engineering and was chosen to participate in the state paper symposium at Florence State University.

At the state meeting his paper was selected as one of six to be presented in national competition at the National Science Foundation Summer Institute at West Point, Mississippi where he studied computers and geology. Also, at the 1968 State Science Fair his project was one of three representing the Southern Region.

School Board Sells Bonds For Gym

The First National Bank of Memphis, Tennessee, was the successful bidder on the \$90,000 warrants sold by the Elba School Board for the construction of a new gymnasium and land room. The successful interest rate was 5.194 per year.

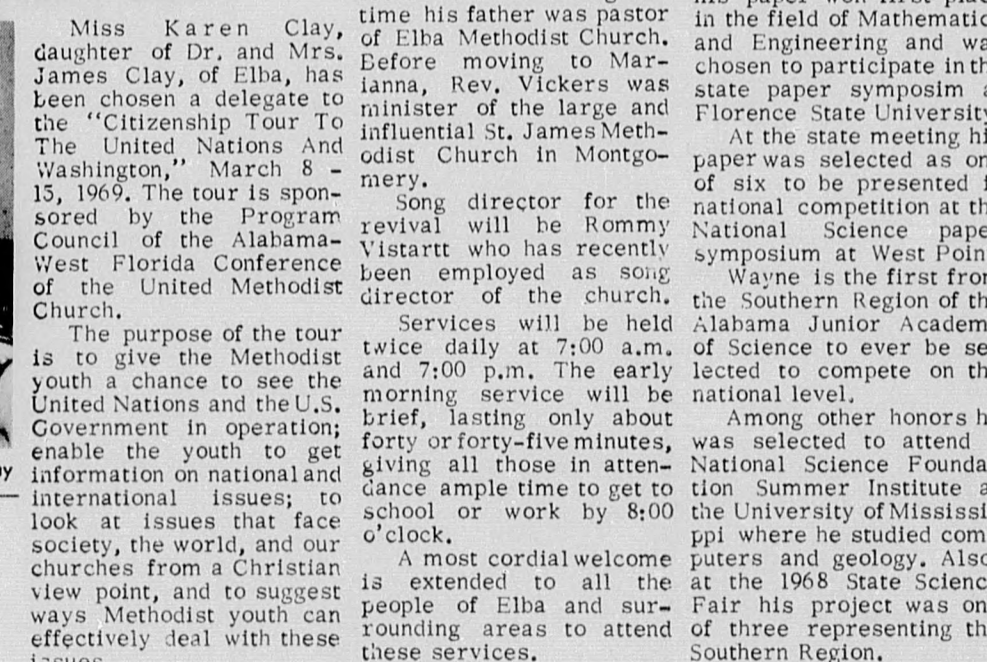

This money will be combined with that received from the insurance on the gym that burned at Elba High School several years ago. Construction on the new gym complex should be completed during the fall of next year, but not in time for the football team to use the dressing rooms designed for the athletic department.

Are You An Ostrich Parent?

Arabian literature refers to the ostrich as a cruel and wicked bird. This is because the ostrich lays its eggs on the ground then walks away to leave the eggs unattended and cared for. Unlike other birds that hatch, shelter, and protect their eggs, the ostrich considers its parental responsibility over with the laying process.

The ostrich parent is one whose personal example is not of the highest quality, whose values are not sterling, who lends his influence and support to a poor moral climate in the community.

Are you an ostrich parent? The ostrich is hard-earned against her young ones as though they were not hers." (Job 39:16)

THE VIEW from the Steeple by Jim Auchmuty

one whose personal example is not of the highest quality, whose values are not sterling, who lends his influence and support to a poor moral climate in the community.

Are you an ostrich parent? The ostrich is hard-earned against her young ones as though they were not hers." (Job 39:16)
